

10 **REDUCED
INEQUALITIES**

SDG 10 REDUCED INEQUALITIES

Reduce inequality within and among countries

1. Project to Develop Learning Resources for Border Patrol Police Schools Through Art

The Faculty of Humanities and Social Sciences is organizing this project to develop learning resources by studying and designing educational materials that incorporate elements such as numbers, consonants, vowels, tone marks, and characters (low, middle, and high). The project will also explore cartoon styles, storybooks, and engage in activities like drawing, coloring, and creating designs for educational wall displays. The aim is to create unique, culturally relevant resources that will enhance learning experiences for students in the Border Patrol Police School in Tako Pid Thong, Ban Taklong, Suan Phung Subdistrict, Suan Phung District, Ratchaburi Province.

Reduce inequality within and among countries

Muban Chombueng Rajabhat University has a project to promote the reduction of educational inequality for underprivileged children from border schools.

2. The Project to Develop the Abilities of In-service Teachers and Students for the National Educational Testing (NT) and O-NET of Border Patrol Police Schools in Ratchaburi Province

The Research and Development Institute organizes a project to enhance the competencies of educational personnel through active learning processes for Border Patrol Police Schools at Ban Tham Hin and Tako Pit Thong. The project is carried out through the following activities:

Activity 1: Analyze, assess potential, plan, and monitor the implementation results in collaboration with Ban Tham Hin Border Patrol Police School and Tako Pit Thong Border Patrol Police School.

Reduce inequality within and among countries

Activity 2: Develop training curricula for school enhancement through a Learning Exchange Method (PLC) with a total of 6 courses.

Activity 3: Develop the competencies of teachers and students through active learning teaching techniques to prepare for the National Educational Testing (NT) for students at Tako Pit Thong Border Patrol Police School.

Activity 4: Develop the competencies of teachers and students through active learning teaching techniques to prepare for the National Educational Testing (NT) for students at Ban Tham Hin Border Patrol Police School.

Reduce inequality within and among countries

Activity 5: Develop the competencies of teachers and students through active learning teaching techniques to prepare for the National Educational Testing (O-NET) for Grade 6 students at Tako Pit Thong Border Patrol Police School.

Activity 6: Develop the competencies of teachers and students through active learning teaching techniques to prepare for the National Educational Testing (O-NET) for Grade 6 students at Ban Tham Hin Border Patrol Police School.

Reduce inequality within and among countries

Activity 7: Develop the competencies in active learning teaching management through Coaching and Mentoring processes.
